TB Continues to lead Group with 11 wins in Week 5

Effective date: 2012-10-09

TB picks his second straight 11 win week to increase his membership lead to three games over LF. LF who has posted 23 wins over the last two weeks leads the group in that category but still lost ground this week. CM moved into third place with his 11 wins but still finds himself out by five games.

KB has a notable week winning his loner pick game MIA over CIN which contributed to his winning 11 games this week. Over the last two weeks KB has won 20 games which moved him into 12th place on the all-time winning list with 967 wins. MM also achieved a personal milestone with his 8 wins to win his 2800th career game.

Thanks to those that have sent in there dues. For those that still have not paid please do so quickly because it is a hassle to keep writing on this topic. Thursday game this week. Please review the rule book on eligible winner criteria, specifically the 80% rule. If you do the math you must pick 204 games to be eligile to win or said differently if you exceed 52 Home Team Picks you are ineligible to win cash and prizes. Check out the Week at a Glance page to check your YTD HTP status.
