KB Goes 14-0

Membership Wins 175 Games in Week 11

Effective date: 2012-11-20

It appears the MIP is behind us as almost everyone had their best weekly performance to date. KB's 14 wins seemingly a Perfect Performance but unfortunately, by rule due to a HTP in game #147, disqualifies the record.

MS,CM and BS all had 13 wins with MS picking up two spots to be tied for first place with DP and KS. Are you saying, "SS you can't read the standings"? To my chagrin,I must report TB currently in first place, has tripped the minimum picking threshold (see Membership Manual - Section Administration, Paragraph Standings)and therefore is ineligible for any award or money. So, by rule, there is a three way tie for first. MS's 13 wins pushes him past 900 wins for his career putting him at 15th on the all-time win list. JD joined an elite group of six with his 3000th win. JD is now the 7th all-time winner in PFVCC history.

Thanksgiving is this week so that means, turkey, stuffing, good cheer and three games on Thursday. Don't forget to get your picks in before the deadline.
