

BS Wins 13 Games – Holds Two Game Lead

TB Wins Weekly Honor with 14 Winners

Effective date: 2013-12-09

After Thursday night's game SS was one game back with one more GOO in Week 14. BS won the second game (SF vs. SEAT) to rebuff SS back to two games out. Both BS and SS won 13 games and gained distance on the other championship contenders. It looks as if the battle for the championship is down to BS and SS. KS, in third place finds himself six games out with three weeks left.

JP was 14-0 in his PFVCC career picking SEAT to win and was counting on his good fortune to continue to make up ground but unfortunately SF prevailed. Going into the week JP was the only player to have a career undefeated team. JD also has an interesting stat. Even though JD has played fewer years than other members JD has 135 wins with NE, the most by any member with one team.

Three weeks left. This Thursday is the last Thursday night game for the year.
