

DP Wins Season 35 and His First PFVCC Championship

It Was a Tight Race All the Way to the End; SS Takes Second Place

Effective date: 2016-01-03

In only his fourth season in the PFVCC (you're welcome for the invite DP, BTW), DP will haul the Winner's Trophy back to Oswego, New York. DP finished the season with 164 wins, logging a winning percentage of 64% on the season. Very well done! When I called to congratulate DP on his victory, his immediate reaction was, "get outta here!" A true, humble winner folks! His second reaction was the realization of, "I won, so it looks like we're coming to California next summer!" Well done, DP, and congratulations on your first PFVCC victory!

As mentioned in the byline, SS finished in second place, just one game behind DP. DP and SS were neck and neck for much of the last several weeks. SS deserves much credit for his performance this year, as he was in first or second place for nearly the entire season. Kudos on a wonderful season, Mr. Chairman!

We have some exciting updates to implement in the winter months, so there will be plenty to share. Enjoy the NFL Playoffs and we'll see you next summer! Great season everyone!

Happy Picking.
